

PepperBall Instructor/ Armorer Certification 2-day Course

Host: San Diego Sheriff

PepperBall 
More Options. Safer Results.

Register Today Toll-Free 1-877-887-3773

February 24-25, 2011 San Diego

Course Description

The PepperBall Instructor Certification course offers intensive training in the use of the non-lethal PepperBall System, including operation, safety, maintenance, and deployment. The course certifies or re-certifies officers as PepperBall Instructors for their individual agency, allowing them to design courses in the safe and effective use of the PepperBall System. The Armorer course certifies students to maintain, troubleshoot and repair the SA200 & Custom Carbine PepperBall launchers.

Course Requirements

The course begins promptly at 0800. You should plan to show up at least 10 minutes early. All necessary equipment is provided by PepperBall. A training manual, CD-ROM, live-fire certification rounds and visual aids are also included. Dress is casual training attire (no shorts or sandals). Please bring safety glasses. If you wear contacts, please have the ability to remove them at the training site. No firearms or ammo allowed in class.
