Course Overview

- ◆ Developing a winning mindset through positive mental programming (Train to Win™).
- ◆ Alternate & Unconventional Shooting Positions.
- ◆ Cover & Concealment.
- ◆ Principals of Combative Shooting.
- ◆ Multiple Shot Delivery Techniques.
- ◆ Close Quarters Techniques.
- ◆ Movement Techniques.
- ◆ Specialized Tactical Agility Drills.
- ◆ Shooting In & Around Confined Space.
- ◆ Concepts of Point & Precision Shooting.

This program is based on real-world combative experience developed by a veteran of more than two decades of front line military and law enforcement duty in some of the most arduous environments on the planet.

It is an advanced skill development program that teaches the most effective and practical application of a handgun possible. Taking students out of their comfort zone and confronting them with new skill sets and challenges. This program focuses on dynamic movement, reaction time enhancement and real-world close quarters threat management.

This demanding program is delivered in a contemporary and legally defensible format. The student will develop and define reactionary competence through simulated situations and demanding initiative based drills.

Equipment Requirements

- **1000 Rounds of ammunition for handgun.**
- **Reliable holster & magazine carrier.**
- **At least 3 magazines for handgun.**
- **Eye protection.**
- **Hearing protection.**
- **Ball cap or other billed cap.**
