Oceanside CA 92508

Date: Monday, August 8th 2016 8:00 AM to 5:00 PM

Course Description:

Attendees will take away a full understanding of what to expect in, and how to conduct, an OIS Investigation. Attendees will be presented with latest tools, research and referenced material to have a better understanding of the critical factors of an OIS investigation, including a compelling section on **“How the Human Brain Works in a Use of Force Encounter.”** Tactical insight is presented on the unforeseen ramifications of uninformed decisions, including the most recent information on Post Incident Video Viewing, Walk-Throughs and Press Releases. This course has been designed for Investigators, Patrol Officers, Probation Officers, Parole Agents, Supervisors and City Administrators. **The class is STC certified # 09905-078523**

The second portion of the course is the analysis of two actual OIS case investigations, applying the principles from the morning session.

Topics:

State of Mind, OIS Investigation, Investigative Teams (Criminal / Administrative) Representation, Statements (Voluntary v Compelled) Articulating Use of Force, District Attorney Policy, Video/Walkthrough Issues, Human Brain Functions in the Use of Force Encounter, Human Response Capacity, POBAR and OIS Case Analysis.
