

PISTOL SKILL BUILDER FOR LAW ENFORCEMENT

Date: Monday, January 24, 2022
Hosted By: Corona Police Department

This course is designed to rebuild a student's level of proficiency with their duty handgun. Students will learn foundational techniques to build shooting skills from the ground up. This is a great class for students that would like to increase their qualification scores or would like to overcome "anticipation" and "shooting low left/right" issues.
