

Fire and Explosion Related Death Investigations

Fire and Explosion Related Death Investigations February 19 - 20, 2024 | Carlsbad, CA

[Learn More and Register](#)

Join other investigators to gather new information and tools for investigating fire and explosion related deaths. Examine the principles of fire behaviors, areas of focus in fire related deaths, working with the medical examiner's office and evidence/scene safety considerations.

Training topics include:

- Victimology and witness interviews
- Case examples and statutory considerations
- Body recovery challenges
- Scene assessment and evidence collection
- Cause/manner of death and prosecutorial considerations

Training Location

City of Carlsbad Safety Training Center
5750 Orion Street
Carlsbad, CA 92010
