

FIELD RADIO USER CLASS

Law Enforcement Personnel Regional Communication Systems

This class is designed for Law enforcement personnel that use Motorola APX radios and equips Field Personnel with tools to effectively manage Radio Use communications. Instruction includes how the radio system functions (system layout, trunking, site trunking), use of portable and vehicle radios (transmitting, receiving, channel navigation, emergency button, encryption, programming scan lists etc.), and mutual aid communications.

This class is hosted by RCS at no cost to the agency and is POST certified (POST- Plan IV; 8hrs)

Date: Wednesday, March 6th, 2024; 0800-1700

Location:

El Cajon Police Department
100 Civic Center Way – Community room
El Cajon, CA 92020
