Contingency Management Treatment for Methamphetamine Use Disorder

SAN DIEGO COUNTY
SUBSTANCE USE AND
OVERDOSE PREVENTION
TASKFORCE

Presentation

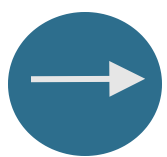

Contingency Management (CM) is an evidence-based behavioral intervention that uses tangible rewards to reinforce positive behaviors, such as abstinence from substance use. This training will provide an overview of CM, and its effectiveness to support recovery and reduce overdose risk.

Presenters

Joe Sepulveda, M.D., FAPA, FASAM, Chief of Psychiatry
Medical Director of Solutions for Recovery, Behavioral Health
Centers, Family Health Centers of San Diego

Katie Wood, MS, LAADC, Senior Director, Special
Populations, Family Health Centers
